SUNDEPIL

Dermatological test on humans in 2008

The dermatological-allergological test performed by us
on your product under the control of dermatological specialists was passed
for this product with the rating of

“very good”.

This product did not lead to allergic or toxic- irritative intolerance reactions
in patch testing carried out in accordance with international guidelines. The
preparation can therefore be declared as dermatologically tested or
allergy-tested.

Dr. med. Werner Voss
Investigating specialist
for dermatology, allergology,
venerology, phlebology
and environmental medicine
